ALASKA COUNTY SURVEYORS OFFICE

BY:

09/08/04

This map was one of six maps clipped together with a note attached saying: "Islands owned by D.N.R. in the twp Elcho". The maps were in a box received from the County Clerks office. The other 5 maps have been filed under the section the island is located in.

Although there is no survey information shown, these maps were filed for historical purposes.
