Surveyors Certificate

I hereby certify that I have surveyed the land represented by the within map by direction of William Readey and that said land is Out Lot number Fifteen (15) and that part of Out Lot number Fourteen (14) which lies south of the Highway in Chagant's Addition of Out Lots in the City of Antigo, Wisconsin; and that in surveying, subdividing, and mapping the same, I have fully complied with Chapter 81 of the Revised Statutes of Wisconsin of 1898, and that the within map is a correct representation of all the boundaries of all the land so surveyed, and of the subdivisions thereon made; and that said map is drawn to a scale of Forty (40) feet to the inch.

Reader Street is a highway - laid out by the City, and is 66 feet wide; and the eighth line is the center line of it.

I have placed a stake at the corner line of Superior Street & set a gray boulder 4 in. x 8 in x 22 in.

At the intersection of said eighth line with the center line of Superior Street I set a gray boulder 4 in. x 8 in x 22 in. with + on top; and at the intersection of said eighth line with the N. and So. Quarter line, I set a reddish boulder 8 in. x 8 in x 22 in. with x on top.

The figures placed near the centers of lots are the numbers of such lots.
