WAIVER OF SURVEY

The Wisconsin Administrative Code Chapter A-7 sets forth minimum standards for property surveys. The term "property survey" is given a broad definition under this chapter, to include "any land surveying which includes as one of its principal purposes describing, monumenting, locating the boundary lines of or mapping one or more parcels of land..."

You have a right, however, to order work which may fall below these standards. The work I will perform on your project is as follows:

Description of Work: Establish the Southeastly line of the NW1/2 of the NW1/4 of Section 28-34-11.

This work will meet the minimal standards for property surveys, except in the following respects:

The southeast corner of the NW1/2 of the NW1/4 of Sec. 28-34-11 will be set by the end of 2004.
The road right of way will not be monumented.

I understand and agree to the description of work to be done by

(Surveyor)
